APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the
source. It is understood that the amount of water herein granted
is only a temporary allowance and that the final water right obtained
under this permit will be dependent upon the period of use and the
average number of livestock served from the waters of this source.
The State retains the right to regulate the use of the water herein
granted at any and all times but does not take responsibility for
the use of the Federal range.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.3199 cubic feet per second, or sufficient water to water 1250 head of cattle.

Actual construction work shall begin on or before November 6, 1974

Proof of commencement of work shall be filed before December 6, 1974

Work must be prosecuted with reasonable diligence and be completed on or before November 6, 1975

Proof of completion of work shall be filed before December 6, 1975

Application of water to beneficial use shall be made on or before November 6, 1976

Proof of the application of water to beneficial use shall be filed on or before December 6, 1976

Map in support of proof of beneficial use shall be filed on or before _____
